## Short Drama App + White Label

An app-style short drama product with white-label and commercial angles, blending product UX with premium promo and checkout flows.

**01**

### Core Offer

Frontend experience, white-label package positioning, JV materials, and premium conversion-oriented assets.

**02**

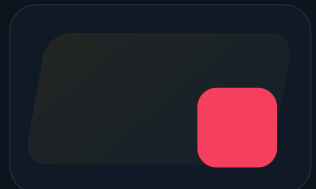

### Problem Solved

Packages short-form serialized content into a productized platform and potential resale / white-label opportunity.

**03**

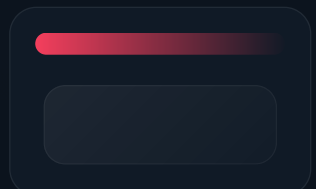

### Key Assets

App frontend, checkout scaffolding, public thank-you/download pages, JV package, and style explorations.

**04**

### Ideal Buyer

Founders, media entrepreneurs, creators, and businesses wanting a short-drama content vehicle or branded app experience.

05

## Growth Path

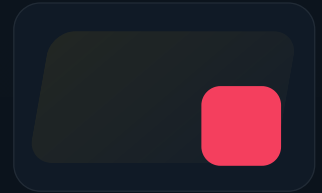

Traffic -> demo/app experience -> white-label pitch -> checkout -> product delivery/onboarding.

06

## Next Expansion

Finalize env vars, package asset ZIP, and stronger proof/demo loops for the white-label sale.
